FREIGHT SHIPMENT PROTECTION FAQs

IS IT WORTH IT?

Yes! Freight shipping shipment protection compensates shippers whose packages are lost, stolen or damaged in transit — a good idea, especially if you're shipping a high-value item.

HOW MUCH DOES IT COST?

With a minimum investment of just \$30, you can protect your profits with reimbursement up to the invoice value of your goods.

IS SHIPMENT PROTECTION DIFFERENT THAN CARRIER TARIFFS?

Yes! Carrier tariff rates determine the maximum amount a carrier can be held liable for in the event of loss or damage – and typically are only covered if the carrier is negligent. However, shipment protection is the best way to protect yourself for the full value of your shipment.
