

UPS® & UNISHIPPERS:

The Total Package!

UNISHIPPERS®

At Unishippers, we work hard to make shipping easy for small to mid-sized businesses (SMBs). Why? Because as franchisees, we're SMBs ourselves. So, we understand the unique challenges you experience and what it takes to grow your business. That's why since 2008, we've worked with UPS to help simplify shipping for SMBs—combining our dedicated support team with the power of the UPS operational network.

With UPS and Unishippers By Your Side, You Get:

Authorized Reseller

SAVINGS YOU CAN COUNT ON

As part of the nation's largest non-retail Authorized Reseller of UPS, we leverage the buying power of our 86K+ parcel customers to get you the lowest possible UPS rate for all your parcel shipping needs.

DEDICATED SUPPORT

Say hello to the best solutions from UPS backed by the personalized support that only your dedicated Unishippers team can offer. So essentially enterprise-business level perks, exclusively for your business.

INNOVATIVE TECHNOLOGY

We put technology anywhere you are with myUnishippers™, our innovative and easy-to-use transportation system. Get quotes, compare costs and delivery speeds, receive real-time shipping visibility, create customized invoices, access e-commerce integrations and add shipping insurance—all in one place.

The UPS Gold Standard

RELIABLE AS THEY COME

Your business needs a shipping solution you can count on. That's exactly the kind of operational network you can expect from the most trusted shipping brand in America.¹ Not only is UPS number one in on-time package delivery, 90% of ground parcels are delivered in three days or less.

ONE UNIFIED NETWORK

UPS accepts both air and ground shipments in their UPS® Drop Box locations and has one driver to handle all of your pickups, bringing ease to your shipping process.

WHERE YOU NEED IT

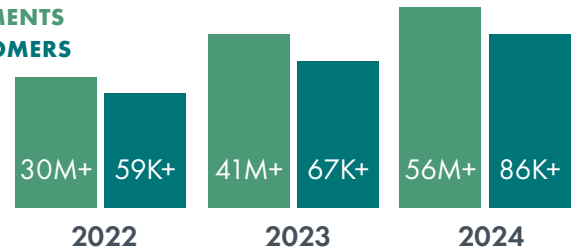

No matter your location or where you need to ship, UPS has the scale to grow with your business across approximately 180,000 network entry points. Plus, almost 135,000 vehicles on the ground facilitated the delivery of 5 billion+ packages during 2023.

Our UPS Growth On The Rise

Unishippers and UPS have developed a strong relationship that continues to grow year after year.² And with every customer gained and shipment processed, so too does the trust SMBs have in our combined services.
